(D) DENNISON
Commercials

At Dennison Commercials, we are extremely proud to say that for over 50 years, our dedicated, hard-working teams have always endeavoured to look after your Volvo truck and help keep you on the road!

For 2021, we're celebrating the effort and determination of every individual and business throughout the last year by offering huge savings on a wide range of our Genuine Volvo Parts.

In addition to the massive savings available, all of our Genuine Volvo Parts will come with an incredible peace-of-mind 12 months warranty.

Plus, if you choose to have your parts fitted at any of our Dennisons locations across the province, we'll double that warranty to 24 months on parts and labour, which also covers roadside recovery and any subsequent damage.
